The Budget provides \$100 million for the Rental Assistance Demonstration program and expands its authority to convert additional properties to long-term, project-based Section 8 contracts that can leverage private financing for capital improvements. Under existing authorities, Public Housing Authorities (PHAs) and other owners of rental properties assisted under the Public Housing, Moderate Rehabilitation, Moderate Rehabilitation Single-Room Occupancy, Rent Supplement, Rental Assistance Payment, and Section 202 Housing for the Elderly Project Rental Assistance Contracts programs are offered the option to convert their properties to long-term Section 8 contracts. The Budget expands authority to convert to Section 811 Project Rental Assistance Contracts, Senior Preservation Rental Assistance Contracts, and, in limited circumstances, Tenant Protection Vouchers.

Distinct from no-cost conversions, the requested \$100 million would be awarded to PHAs to cover the incremental subsidy necessary for Public Housing properties that could not otherwise convert in the absence of such funds.

The Budget also eliminates the 455,000 unit cap on no-cost Public Housing conversions.

The Budget provides \$18.8 billion for the Tenant-Based Rental Assistance (TBRA) program (also known as the Housing Choice Voucher program), which is the Federal Government's largest income-targeted rental assistance program. With this funding, the Housing Choice Voucher program will provide housing assistance to around 1.9 million extremely low- to very low-income families to rent decent, safe, and sanitary housing in the private market. About 2,200 state and local Public Housing Authorities (PHAs) administer the Housing Choice Voucher program.

The Budget provides \$16.9 billion in contract renewals to continue to assist families in calendar year 2021. The Budget also includes \$310 million for the renewal of Section 811 mainstream housing vouchers for persons with disabilities, including the first-time renewal of new mainstream vouchers allocated in 2020, and associated administrative fees, as well as a new set-aside to provide adjustments to PHAs as a result of significant increases in mainstream renewal costs resulting from unforeseen circum-

stances and to prevent the termination of assistance for mainstream families should there be insufficient funding.

In addition, the Budget requests the following: \$1.5 billion in PHA administrative fees to support core functions such as admitting households, conducting housing quality inspections, and completing tenant income certifications; \$100 million for tenant protection vouchers, which are provided to families who may have to relocate due to actions beyond their control, such as a public housing demolition or redevelopment, and when private owners of multi-family developments choose to leave the project-based program or convert to long-term Section 8 contracts; and up to \$4 million for the renewal of vouchers by tribes under the Tribal Housing and Department of Housing and Urban Development and Department of Veterans Affairs Supportive Housing program, to serve Native American veterans who are homeless or at risk of homelessness and living in and around designated tribal areas. The Budget also reflects that PHAs with the Moving to Work (MTW) designation will be receiving funds from the MTW account, instead of the TBRA and Public Housing accounts. The separate MTW account includes \$4.5 billion for MTW agencies' contract renewals and administrative fees.

Further, the Budget continues to support legislative reforms as reflected in the Making Affordable Housing Work Act of 2018 and uniform work requirements.

Until 2005, the Housing Certificate Fund provided funding to both the project-based and tenant-based components of the Section 8 program. Project-Based Rental Assistance (PBRA) and Tenant-Based Rental Assistance are now funded in separate accounts. The Housing Certificate Fund retains and recovers balances from previous years' appropriations, and uses those balances to support PBRA contract renewals, amendments, and administration.

The Budget proposes that all unobligated balances from the Capital Fund, excluding set-asides, be directed to the Public Housing Fund and distributed to Public Housing Authorities through the Operating Fund subsidy formula.

The Budget requests \$3.6 billion for the Public Housing Fund. Of this amount, approximately \$3.4 billion is provided for Public Housing Fund grants for the operation, management and maintenance of Public Housing. These formula grants are awarded to Public Housing Authorities (PHAs) based on the Operating Fund formula and support approximately 900,000 public housing units, which serve some of the nation's most vulnerable families. PHAs may also use this funding for modernization improvements or to address other capital needs.

The 2021 Budget eliminates the Public Housing Capital Fund and moves the set-asides previously provided within the Capital Fund to the Public Housing Fund.

These set-asides include up to \$10 million for grants to PHAs for capital needs arising from emergency situations or non-Presidentially declared natural disasters; up to \$30 million for competitive grants to facilitate the demolition of physically obsolete public housing properties; up to \$23 million to support ongoing Public Housing Financial and Physical Assessment activities; up to \$40 million to assist PHAs that are in receivership, designated troubled or substandard, experiencing insolvency, or otherwise at risk; \$35 million for competitive grants to address lead-based paint hazards in Public Housing; and up to \$30 million for competitive grants to PHAs for full lead service line replacement where the local public water system is undertaking a comprehensive water main replacement program.

The Budget also reflects that PHAs with the Moving to Work (MTW) designation will be receiving funds from the MTW account, instead of the Tenant-Based Rental Assistance and Public Housing accounts. The separate MTW account includes \$672 million to fund MTW PHAs' Public Housing Fund allocations.

Further, the Budget continues to support legislative reforms as reflected in the Making Affordable Housing Work Act of 2018 and uniform work requirements.

MOVING TO WORK

For the Moving to Work Demonstration program (MTW demonstration) authorized under section 204 of the Departments of Veterans Affairs and Housing and Urban Development and Independent Agencies Appropriations Act, 1996 (Public Law 104–134) and section 239 of the Transportation, Housing and Urban Development, and Related Agencies Appropriations Act, 2016 (Public Law 114–113), \$5,185,300,000, to remain available until expended: Provided, That the amounts made available under this heading are provided as follows:

(1) \$4,172,900,000 shall be for renewals of expiring section 8 tenant-based annual contributions contracts authorized under the United States Housing Act of 1937, as amended (42 U.S.C. 1437 et seq.) (in this heading referred to as "the Act") (including renewals of enhanced vouchers under any provision of law authorizing such assistance under section 8(t) of the Act) and including renewal of other special purpose incremental vouchers, in addition to amounts made available for these purposes under paragraph (1) under the heading "Tenant-Based Rental Assistance";

(2) \$340,400,000 shall be for administrative and other expenses of public housing agencies in administering the section 8 tenant-based rental assistance program under the Act, in addition to amounts made available for these purposes under paragraph (3) under the heading "Tenant-Based Rental Assistance"; and

(3) \$672,000,000 shall be for 2021 payments to public housing agencies for the operation and management of public housing, as authorized by section 9(e) of the Act (42 U.S.C. 1437g(e)), in addition to amounts made available for these purposes under the heading "Public Housing Fund";

Provided further, That amounts made available under this heading shall be allocated to public housing agencies participating in the MTW demonstration in accordance with the terms and conditions specified under paragraphs (1) and (3) under the heading "Tenant-Based Rental Assistance", and under the heading "Public Housing Fund", respectively: Provided further, That the Secretary shall transfer and merge, to the extent necessary to equalize proration of funding allocations across all public housing agencies for the respective purposes and programs described herein, such amounts as may be necessary from amounts provided under this heading to the heading "Tenant-Based Rental Assistance", or from such heading to this heading, and from this heading to the heading "Public Housing Fund", or from such heading to this heading: Provided further, That any public housing agency designated as a Moving to Work agency pursuant to such section 239 may, upon such designation, use funds (except for special purpose funding, including special

purpose vouchers) previously allocated to any such public housing agency under section 8 or 9 of the United States Housing Act of 1937, including any reserve funds held by the public housing agency or funds held by the Department of Housing and Urban Development, pursuant to the authority for use of section 8 or 9 funding provided under such section and section 204 of title II of the Departments of Veterans Affairs and Housing and Urban Development and Independent Agencies Appropriations Act, 1996 (Public Law 104–134), notwithstanding the purposes for which such funds were appropriated.

The 2021 Budget requests \$5.2 billion for the Moving to Work (MTW) demonstration program in a new, separate account. With this funding, MTW agencies will provide housing assistance to over 450,000 families. This is the Department of Housing and Urban Development's first request for a separate MTW account for the MTW demonstration program. Of the \$5.2 billion, \$672 million represents funding that would otherwise be in the Public Housing Fund account, and \$4.5 billion represents funding that would otherwise be in the Tenant-Based Rental Assistance (TBRA) account. This funding request is based on the total combined need for both the current 39 MTW PHAs and the approximately 30 PHAs that will receive MTW designation in 2020 through the first cohort of the MTW expansion.

The Budget does not request additional funds for MTW agencies compared to non-MTW PHAs. Through the MTW account, MTW PHAs would receive the same amount of funding that they would have otherwise received through the separate Public Housing and TBRA accounts. The Budget authorizes HUD to transfer funds if necessary to equalize the proration between MTW and non-MTW agencies.

The MTW account would, first, eliminate administrative burden for both MTW PHAs and HUD by reducing the number of funding accounts that must be managed and reconciled for these agencies. Second, it would simplify the tracking of funds, since all funds would be traced back to the MTW account. Third, it would provide greater transparency regarding funding needs of the MTW demonstration program.

Further, the Budget continues to support legislative reforms as reflected in the Making Affordable Housing Work Act of 2018 and uniform work requirements.

The Indian Housing Loan Guarantee program (also known as the Section 184 program) provides access to private mortgage financing for Native Americans, Indian Tribes and their tribally-designated housing entities that could otherwise face barriers due to the unique legal status of Indian trust land. The Budget requests \$2.0 million to support up to \$1.0 billion in new loan guarantees for this program.

The Native Hawaiian Housing Loan Guarantee program (also known as the Section 184A program) provides access to private mortgage financing to Native Hawaiian families who are eligible to reside on Hawaiian home lands and would otherwise face barriers to acquiring such financing because of the unique legal status of the Hawaiian home lands. The Budget does not request any new credit subsidy budget authority for this program and proposes to cancel \$2 million in previously appropriated credit subsidy. Since 2017, this program has operated on a negative subsidy basis, and the program has sufficient balances of prior-year loan guarantee limitation to maintain program operations.

The Budget provides \$330 million for the Housing Opportunities for Persons With AIDS (HOPWA) program. HOPWA funding provides States and localities with resources to devise long-term comprehensive strategies for providing housing and supportive services to meet the housing needs of persons living with HIV/AIDS and their families.

Ninety percent of HOPWA funds are distributed to States and eligible metropolitan areas according to a formula, and the remaining ten percent are awarded competitively to States, local governments, and private non-profit entities. The HOPWA formula, which was updated in 2016, allocates funds based on cases of persons living with HIV or AIDS and is adjusted for an area's fair market rent and poverty rates to further ensure HOPWA

HOUSING OPPORTUNITIES FOR PERSONS WITH AIDS—Continued

funds are focused on areas that have the most need. The updated formula became effective in 2017, and HUD continues to work closely with formula grantees through a comprehensive technical assistance initiative to develop community-wide strategies for managing the changes. The Budget also proposes to not prioritize renewals in its competition so that funds could support more evidence-based service delivery models to address current community needs.

COMMUNITY DEVELOPMENT FUND

For carrying out the community development block grant program under title I of the Housing and Community Development Act of 1974, as amended (42 U.S.C. 5301 et seq.) The Community Development Fund account contains the following programs:

Community Development Block Grant (CDBG).—The CDBG program provides formula grants to States, local governments, and Insular Areas to benefit mainly low- to moderate-income persons, and support a wide range of community and economic development activities, such as public infrastructure improvements (which account for approximately 36 percent of all CDBG funds), housing rehabilitation and construction (approximately 24 percent of funds), job creation and retention, and public services. Seventy percent of CDBG formula grants are distributed to mainly urban areas (entitlement communities), and 30 percent are distributed to States (non-entitlement communities). The 2021 Budget does not request funding for CDBG, devolving community and economic development to the State and local level.

Indian Community Development Block Grant (ICDBG).—The ICDBG provides grants to help develop viable American Indian and Alaska Native Communities with decent housing, a suitable living environment, and economic opportunities, primarily for low- and moderate-income persons. The 2021 Budget does not request funding for ICDBG, which duplicates HUD's larger Native American Housing Block Grant program and other Federal programs.

CDBG Disaster Recovery (CDBG-DR).—This account also contains a substantial amount of appropriated CDBG-DR funding provided to communities impacted by major disasters.

Recovery Housing (SUPPORT).—The Budget does not provide funding for activities authorized under the SUPPORT for Patients and Communities Act, which was first funded in this account in 2020. This new formula program is allocated to states to provide temporary housing for individuals recovering from substance abuse disorders, including opioids.

The Budget requests no funding for the Brownfields Economic Development Initiative (BEDI), which was a competitive grant program designed to assist cities with the redevelopment of brownfield sites for the purposes of economic development and job creation. Local governments have access to other public and private funds for similar purposes. The Consolidated and Further Continuing Appropriations Act, 2015 (Public Law 113–235) permanently rescinded all unobligated balances of BEDI funds, including carryover and recaptures.

The HOME Investment Partnerships program (HOME) provides annual formula grant assistance to States and units of local government to increase the supply of affordable housing and expand homeownership for low- to very low-income persons through a wide range of activities that build, buy, and/or rehabilitate affordable housing.

The Budget does not request funding for HOME, and recognizes a greater role for State and local governments and the private sector in addressing community development and affordable housing needs. The Department will continue to administer the program until all existing grant funds are disbursed and closed, and the Department of Housing and Urban Development will also oversee projects assisted with HOME grants until the end of their affordability periods (projects are required to remain affordable for as long as 20 years from the date of completion).

The Homeless Assistance Grants account provides funds for the Emergency Solutions Grant (ESG) and Continuum of Care (CoC) programs. These programs, which award funds through formula and competitive processes, enable localities to shape and implement comprehensive, flexible, coordinated approaches to address the multiple issues of homelessness, including chronic homelessness, veteran homelessness, and homelessness among families and youth.

The 2021 Budget provides a total of \$2.773 billion for a wide range of activities to assist homeless persons and prevent future occurrences of homelessness. The Budget supports \$2.486 billion for the CoC program to fund competitive renewals; \$280 million for ESG formula funding for communities to address emergency needs such as emergency shelter, street outreach, essential services, homelessness prevention, and rapid rehousing; and \$7 million for the National Homeless Data Analysis Project.

The Budget also supports legislative changes to improve program performance and efficiencies.

The Revolving Fund (liquidating programs) was established by the Independent Offices Appropriations Act of 1955 for the efficient liquidation of assets acquired under a number of housing and urban development programs, all of which are no longer active. For example, the Section 312 loan program portfolio, which provided first and junior lien financing at below market interest rates for the rehabilitation of homes in low-income neighborhoods, constituted a large portion of the account activities but has not originated new loans for over 20 years. The operational expenses are financed from a permanent, indefinite appropriation to administer the remaining repayments of loans, recaptures, and lien releases in the portfolio. Any remaining unobligated balances in the account are returned to the Treasury annually.

The Housing Trust Fund provides grants to States to increase and preserve the supply of affordable rental housing and homeownership opportunities for extremely low-income families. The Housing Trust Fund was authorized by section 1131 of the Housing and Economic Recovery Act of 2008 (Public Law 110-289), which directed the account to be funded from assessments on Fannie Mae and Freddie Mac. The 2021 Budget includes a legislative proposal to eliminate the assessment and discontinue funding for the Housing Trust Fund.

The Budget requests \$12.6 billion for Project-Based Rental Assistance (PBRA), of which \$400 million is requested as an advance appropriation to become available in 2022. The PBRA program assists approximately 1.2 million extremely low- to low-income households in obtaining decent, safe, and sanitary housing in private accommodations. PBRA serves families, elderly, and disabled households and provides transitional housing for the homeless. Through this funding, the Department of Housing and Urban Development (HUD) supports approximately 17,200 contracts with private owners of multifamily housing by paying the difference between a portion of a household's income and the approved market-based rent for a housing unit. The Budget continues to support the program's calendar year funding cycle and provides 12 months of funding for all contracts. Further, the Budget continues to support legislative reforms as reflected in the Making Affordable Housing Work Act of 2018 and uniform work requirements.

Program activities include the following:

Contract Renewals and Amendments.—These activities provide funding for HUD to renew expiring contracts and amend contracts that have not expired but require additional funding for HUD to meet remaining payment obligations. Appropriations for these activities are supplemented with re-

coveries of excess balances remaining on expired contracts that utilized less than anticipated resources during their initial terms.

Contract Administrators.—The Budget requests \$350 million for contract administration. This activity funds the local level administration of the program through HUD agreements with performance-based contract administrators or other supportive services contractors.

Tenant Information and Outreach.—The Budget requests up to \$6 million for technical assistance to tenant groups, nonprofit groups, and public entities to support tenants of troubled properties and improve tenant access to community services in order to support self-sufficiency.

Since 1959, the Housing for the Elderly Program (Section 202) has supported the construction and operation of supportive housing for very low-income elderly households, including the frail elderly. The Budget provides \$853 million for this program, including \$641 million to renew and amend operating subsidy contracts for existing Section 202 housing including Senior Preservation Rental Assistance Contracts, \$100 million for Capital Advances to increase the supply of affordable housing for seniors, \$95 million to support service coordinators who work on-site to help residents obtain critical services, and \$3 million for property inspections and other related expenses. In addition, the Budget provides \$14 million for an extension of the Supportive Services IWISH Demonstration for collection of additional data to better evaluate the demonstration's impact on the health and well-being of older low-income tenants.

Further, the Budget continues to support legislative reforms as reflected in the Making Affordable Housing Work Act of 2018 and uniform work requirements.

The Housing Counseling Assistance Program provides: 1) comprehensive housing counseling services to eligible homeowners and tenants through grants, oversight, and technical assistance; and 2) training to housing counselors and staff of government or non-profit entities that participate in Department of Housing and Urban Development's (HUD) Housing Counseling program. Eligible Housing Counseling program services include group education and individualized housing counseling on pre- and post-

purchase homeownership budgeting and financial management, reverse mortgage counseling, homelessness prevention, rental counseling, and avoiding discrimination, foreclosure, and eviction. The objectives of the Housing Counseling program include overcoming barriers to stable and affordable housing; expanding sustainable homeownership and rental opportunities; preventing foreclosure and eviction; and deterring discrimination, scams, and fraud.

The 2021 Budget includes \$45 million for this program, the bulk of which funds grants to HUD-approved Housing Counseling agencies for direct services. To strengthen housing counselor training, the Office of Housing Counseling has implemented individual testing and certification for housing counselors.

The Other Assisted Housing account contains the programs listed below:
Rent Supplement.—Rent Supplement assistance payments support assisted units for qualified low-income tenants.

Section 235.—The Housing and Urban-Rural Recovery Act of 1983 (Public Law 98-181) authorized a restructured Section 235 (Homeownership Assistance) program that provided homeowners a ten-year interest reduction subsidy on their mortgages.

Section 236.—The Housing and Urban Development Act of 1968, as amended, authorized the Section 236 Rental Housing Assistance Program, which subsidizes the monthly mortgage payment that an owner of a rental or cooperative project is required to make. This interest subsidy reduces rents for lower income tenants. Some Section 236 properties also have rental assistance contracts with the Department of Housing and Urban Development (HUD) through the Rental Assistance Payment (RAP) program.

HUD has converted the last remaining Rent Supplement and RAP properties to long-term, project-based Section 8 contracts, using the Rental Assistance Demonstration program. Therefore, HUD no longer needs funding in this account. The Budget seeks authority to transfer any remaining funds into the Housing for the Elderly account to provide service coordinators for elderly residents or to support capital advance contracts for new housing for the elderly.

The Flexible Subsidy Fund assisted financially troubled subsidized projects under certain Federal Housing Administration (FHA) authorities. The subsidies were intended to prevent potential losses to the FHA fund resulting from project insolvency and to preserve these projects as a viable source of housing for low- and moderate-income tenants. Priority was given to projects with Federal insurance-in-force and then to those with mortgages that had been assigned to the Department.

The HOPE for Homeowners program was created by the Housing and Economic Recovery Act of 2008 to help homeowners at risk of default and foreclosure refinance into affordable, sustainable loans. Under the Program, eligible homeowners refinanced their current mortgage loans into a new mortgage insured by Federal Housing Administration. The program ended on September 30, 2011. In 2016, excess HOPE Bond proceeds in the amount of \$455 million were transferred to the HOPE Reserve Fund, and used to retire the HOPE Bonds. Remaining HOPE Bond activity is shown in the HOPE Reserve Fund.

The Federal Housing Administration (FHA) provides mortgage insurance for the purchase, refinance and rehabilitation of single-family homes. FHA mortgage insurance is designed to encourage lenders to make credit available to borrowers whom the conventional market does not adequately serve, including first-time homebuyers, minorities, lower-income families and residents of underserved areas (central cities and rural areas). Historically, FHA has also provided countercyclical support in times of economic crisis. For budgetary purposes, the Mutual Mortgage Insurance (MMI) Fund is separated into two risk categories: forward loans and Home Equity Conversion Mortgages (HECMs). Forward programs guarantee loans for standard single-family purchases and refinances (Section 203(b) program), home improvements (Section 203(k) program) and condominiums. HECMs, also known as reverse mortgages, enable elderly homeowners to borrow against the equity in their homes without having to make repayments during their lifetime.

The 2021 Budget requests a limitation of \$400 billion on loan guarantees for the MMI Fund. The Budget projects insurance of \$200 billion in forward mortgages and \$10.7 billion in HECMs, with additional commitment authority available in case these amounts are exceeded during execution.

The Budget also requests \$130 million in administrative expenses to support a range of FHA functions, including loan underwriting, claims processing and risk monitoring.

The Capital Reserve account is the ultimate depository for all net budgetary resources collected by the Mutual Mortgage Insurance (MMI) Fund programs. Negative credit subsidy receipts from new loan guarantees and downward reestimates, as well as interest earnings on Treasury investments, are recorded in this account. This account has no authority to obligate funds, but transfers balances of budget authority as necessary for the cost of upward credit subsidy reestimates to the MMI Program Account.

The Federal Housing Administration's General Insurance and Special Risk Insurance (GI/SRI) programs provide mortgage insurance for a variety of purposes, including financing for the development and rehabilitation of multifamily housing, residential care facilities, and hospitals. The Budget requests a limitation of \$30 billion on loan guarantees for the GI/SRI Fund. GI/SRI's mortgage insurance programs are designed to operate without the need for subsidy appropriations, with fees set higher than anticipated losses. Therefore, the Budget does not request an appropriation of new credit subsidy funds.

GI/SRI programs guarantee loans at 100 percent, with three exceptions where other parties guarantee a portion of the loan: Housing Finance Agency Risk Sharing, Qualified Participating Entity Risk Sharing, and Federal Financing Bank Risk Sharing.

The National Manufactured Housing Construction and Safety Standards Act of 1974, as amended, authorizes the development and enforcement of appropriate standards for the construction, design, installation, and performance of manufactured homes to assure their quality, durability, affordability, and safety. All manufactured homes produced since the standards took effect in 1976 must comply with Federal construction and safety standards. Fees are charged to the manufacturers for each transportable section produced to offset the expenses incurred by the Department in carrying out the responsibilities under the authorizing legislation. The Budget proposes to fund the costs of authorized activities with an estimated \$14 million in fees.

Thirty-three States participate in the program under Department of Housing and Urban Development (HUD) approved State compliance plans and are reimbursed by HUD for their activities. HUD administers a compliance program for the remaining 17 States. HUD coordinates the Manufactured Housing Consensus Committee to recommend revisions to and interpretations of the manufactured housing standards and regulations. HUD also develops and implements model standards for installation of manufactured housing, as well as an installation enforcement program. HUD administers installation enforcement programs in 14 States and oversees HUD-approved programs in 36 States. Finally, HUD administers a dispute resolution program for manufactured housing homeowners, retailers, installers, and manufacturers in 25 States and oversees HUD approved dispute resolution programs in 25 States.

In 2013, a Capital Reserve Account was established for the Government National Mortgage Association (GNMA). Financial reserves of GNMA were transferred from the Reserve Receipt and Liquidating Accounts to the Capital Reserve Account. This mandatory account earns interest on Treasury investments and is the eventual depository for all budgetary resources collected by GNMA including negative subsidy receipts from new security guarantees, downward reestimates, and loan repayments from the Financing Account. This account has no authority to obligate funds but transfers resources to the GNMA Program Account as necessary for mandatory spending authorized in that account.

The Housing and Urban Development Act of 1970 directs the Secretary to undertake programs of research, studies, testing, and demonstrations related to the Department of Housing and Urban Development's (HUD) mission. These functions are carried out by HUD's Office of Policy Development and Research (PD&R) through in-house analysis by staff; contracts with industry, nonprofit research organizations, and educational institutions; and cooperative agreements with educational, governmental, and philanthropic entities. In addition, centralized technical assistance for the Department is supported through this account; these funds enable HUD to support its partners with better coordinated, cross-program technical assistance rather than conventional, program-specific assistance.

The Budget requests \$94.7 million for HUD's Research and Technology (R&T) program. R&T investments support HUD's enterprise-wide commitment to integrate evidence and cross-disciplinary intelligence throughout program policy, management, and operations. The request consists of \$50 million for core research support, surveys, data infrastructure, and knowledge management (i.e., research dissemination); \$17.7 million for research, evaluations, and demonstrations; and \$27 million for technical assistance.

The Budget requests \$65.3 million for fair housing activities to support efforts to end housing discrimination. Of the amount requested, \$23.9 million is for the Fair Housing Assistance Program (FHAP); \$39.6 million is for the Fair Housing Initiatives Program (FHIP); \$1.5 million is for the National Fair Housing Training Academy (NFHTA); and \$300 thousand is for the Limited English Proficiency Initiative (LEPI). These resources address the national and ongoing problem of discrimination against minority homebuyers and renters, as identified in the 2012 Housing Discrimination Against Racial and Ethnic Minorities Study, and directly supports the Department of Housing and Urban Development's (HUD) mission to create strong, inclusive communities free from discrimination.

FHAP provides funding to State and local agencies to assure prompt and effective processing of complaints under substantially equivalent State and local fair housing laws. To be eligible for assistance through FHAP, an agency must administer a fair housing law that HUD has certified as substantially equivalent to the Federal Fair Housing Act.

FAIR HOUSING ACTIVITIES—Continued

FHIP provides funding to States and local governments, and to public and private non-profit organizations that administer programs to prevent or eliminate discriminatory housing practices through enforcement, education, and outreach. These grants allow the organizations to provide fair housing enforcement through testing in the rental and sales markets, to file fair housing complaints to HUD, and to conduct investigations. Further, the education and outreach activities these organizations conduct also help to educate the public, housing providers, and local governments about their rights and responsibilities under the Fair Housing Act.

The NFHTA provides comprehensive fair housing and civil rights training for investigators, local agencies, educators, attorneys, industry representatives, and other housing industry professionals.

LEPI provides funds for oral interpretation and written translation services, which help make HUD programs and activities accessible to people who are not proficient in English.

The primary purpose of the Lead-Based Paint Hazard Control Grant program is to reduce the exposure of young children to lead-based paint and other environmental hazards in their homes, including protecting them from permanent developmental problems and asthma, and exposure to pesticides and carbon monoxide.

The program plays a critical role in addressing the number one environmental disease impacting children: lead poisoning. The Budget requests \$360 million, including \$240 million for the Department of Housing and Urban Development's (HUD) Lead Hazard Control Program; \$45 million for the Healthy Homes Program; \$40 million for Resident Safety demonstrations of carbon monoxide and radon interventions; \$30 million for a demonstration of lead testing in Housing Choice Vouchers units; and \$5 million for lead-based paint technical studies and support. The Budget includes an appropriations provision that would allow the transfer of unobligated balances and recaptured funds from undersubscribed competitive programs to other competitive programs experiencing oversubscription.

The Lead Hazard Control Grant Program provides grants of \$1 million to \$5 million to State and local governments and Indian Tribes for control of lead-based paint hazards in pre-1978 private low-income rental and owner-occupied housing. The grants are also designed to facilitate the development of a housing maintenance and rehabilitation workforce trained in lead-safe work practices and a certified hazard evaluation and control industry. In awarding grants HUD promotes the use of new low-cost approaches to hazard control that can be replicated across the nation.

The Healthy Homes program enables HUD to assess and control housing-related hazards that contribute to childhood diseases and injuries. With funding from this program, grantees implement and evaluate methods for controlling two or more housing-related diseases through a single intervention. Healthy Homes funding is also used to provide technical support and training and assist in the completion of national surveys. In addition, the program conducts education and outreach to help State, local and non-governmental agencies, housing industry stakeholders, and the public understand the health and housing relationship and identify and address housing-related health and safety hazards.

In addition, the Budget is proposing three new demonstrations. The Budget requests \$35 million for the installation and replacement of carbon monoxide detectors in HUD-assisted housing. The Budget requests \$5 million for radon testing and remediation in public housing. The Budget also requests \$30 million for public housing agencies to conduct lead hazard screenings or risk assessments during housing quality inspections for Housing Choice Voucher units.

The Office of Lead Hazard Control and Healthy Homes will continue its lead-based paint technical studies and support activities, which include public education; support for State and local agencies, private property owners, HUD programs and field offices, and professional organizations;

technical studies to improve program policy and implementation; quality control to ensure that the evaluation and control of lead-based paint hazards is done properly in HUD-assisted housing; and development of standards, technical guidance, regulations, and improved testing and hazard control methods.

SEC. [209]206. TRANSFERS OF ASSISTANCE, DEBT, AND USE RESTRICTIONS.

(a) AUTHORITY.—Notwithstanding any other provision of law, subject to the conditions listed under this section, for fiscal years [2020]2021 and [2021]2022, the Secretary of Housing and Urban Development may authorize the transfer of some or all project-based assistance, debt held or insured by the Secretary and statutorily required low-income and very low-income use restrictions if any, associated with one or more multifamily housing project or projects to another multifamily housing project or projects.

(b) PHASED TRANSFERS.—Transfers of project-based assistance under this section may be done in phases to accommodate the financing and other requirements related to rehabilitating or constructing the project or projects to which the assistance is transferred, to ensure that such project or projects meet the standards under subsection (c).

(c) CONDITIONS.—The transfer authorized in subsection (a) is subject to the following conditions:

(1) NUMBER AND BEDROOM SIZE OF UNITS.—

(A) For occupied units in the transferring project: The number of low-income and very low-income units and the configuration (i.e., bedroom size) provided by the transferring project shall be no less than when transferred to the receiving project or projects and the net dollar amount of Federal assistance provided to the transferring project shall remain the same in the receiving project or projects.

(B) For unoccupied units in the transferring project: The Secretary may authorize a reduction in the number of dwelling units in the receiving project or projects to allow for a reconfiguration of bedroom sizes to meet current market demands, as determined by the Secretary and provided there is no increase in the project-based assistance budget authority.

(2) The transferring project shall, as determined by the Secretary, be either physically obsolete or economically nonviable, or be reasonably expected to become economically nonviable when complying with state or Federal requirements for community integration and reduced concentration of individuals with disabilities.

(3) The receiving project or projects shall meet or exceed applicable physical standards established by the Secretary.

(4) The owner or mortgagor of the transferring project shall notify and consult with the tenants residing in the transferring project and provide a certification of approval by all appropriate local governmental officials.

(5) The tenants of the transferring project who remain eligible for assistance to be provided by the receiving project or projects shall not be required to vacate their units in the transferring project or projects until new units in the receiving project are available for occupancy.

(6) The Secretary determines that this transfer is in the best interest of the tenants.

(7) If either the transferring project or the receiving project or projects meets the condition specified in subsection (d)(2)(A), any lien on the receiving project resulting from additional financing obtained by the owner shall be subordinate to any FHA-insured mortgage lien transferred to, or placed on, such project by the Secretary, except that the Secretary may waive this requirement upon determination that such a waiver is necessary to facilitate the financing of acquisition, construction, and/or rehabilitation of the receiving project or projects.

(8) If the transferring project meets the requirements of subsection (d)(2), the owner or mortgagor of the receiving project or projects shall execute and record either a continuation of the existing use agreement or a new use agreement for the project where, in either case, any use restrictions in such agreement are of no lesser duration than the existing use restrictions.

(9) The transfer does not increase the cost (as defined in section 502 of the Congressional Budget Act of 1974 (2 U.S.C. 661a)) of any FHA-insured mortgage, except to the extent that appropriations are provided in advance for the amount of any such increased cost.
